Focus Building Group, LP.

Focus Building Group LP is a premier builder of quality homes in Western Pennsylvania. It's founders have over 40 years combined experience in successful residential real estate, development, construction, and management. The management team has created several outstanding residential communities in Southern Butler County.

In addition to residential communities the team has created, developed, and managed several large commercial real estate projects in the community as well. The projects include: shopping centers, retail outlets, hotels, restaurants, and commercial office complexes.

Having great industry and municipal relationships with access to the best contractors in the business they create a team that is hard to best. Combining innovative features, timeless designs and desirable locations to create communities you will be proud to call home.

Quality, Value, and Craftsmanship are the marks of excellence you can expect in your new Focus Building Group home. They blend the quality construction of the past with the materials and techniques of the future. Inside and out your home will stand the test of time, strength, quality, and beauty.
